

A photograph of two workers in safety gear (hard hats and high-visibility vests) standing in a field with wind turbines in the background. The scene is dimly lit, suggesting dusk or dawn. The workers are looking towards the right, and one is holding a laptop. The overall tone is professional and industrial.

Quality policy

Quality policy

It is the policy of the group that we work to become increasingly efficient and effective with a continuous customer focus.

We will use our quality management system to reduce risks, through managed processes and competent personnel.

We comply with all requirements from our customers, as well as regulatory and legal requirements applicable to our business and solutions.

Policy statements

We will live up to our policy by:

1. Ensuring that our management system is fit-for-purpose through continuous development.
2. Ensuring that the responsibility for quality is rooted at all levels in the organization and necessary training is provided.
3. Continuously working to reduce the cost-of-poor-quality in all processes and improve the processes and systems.
